

SSI Sign Paddles

SSI manufactures sign paddles used for traffic control purposes, that meet the regulatory specifications for a wide variety of jurisdictions.

Our paddles come with either a one piece aluminum handle, or two piece PVC handle for easy transportation and storage.

We also make sign paddles with shorter handles used for crosswalks.

Features and benefits:

- Made from high quality, durable, components
- Meet local regulatory requirements
- Come in either a one piece or two piece handle

Product Specifications:

- Material: Handle is aluminum or PVC
- Signs are aluminum with high intensity prismatic sheeting
