

SSI T-Top Delineator Posts

SSI's T-Top Delineator Posts have been used extensively on Atlantic Canadian highways since 2008. These posts are made from durable polyethylene material with enhanced UV protection.

Post bases are made from recycled rubber, and come in either 12 lb or 15 lb.

Features and Benefits

- Excellent flexibility to improved impact resistance
- High quality UV protection to minimize fading
- Posts come complete with two 4" HIP Stripes
- Based made from durable recycled rubber (12 lb or 15 lb)

Product Specifications

- Material: Polyethylene, HIP striping, Recycled Rubber
- 4"x 42", 2 lbs (bases 12 lb or 15 lb)
- 4" HIP ASTM Type III striping
